

BABER ARJUMAND

FRONTEND DEVELOPER | UI/UX ENGINEER | SOFTWARE ENGINEER

baber.arjumand@gmail.com | babar.dev | linkedin.com/in/baberarjumand | github.com/baberarjumand

PROFESSIONAL SUMMARY

Versatile Software Engineer with over 6 years of experience specializing in high-performance web and mobile applications. Expert in **React**, **Angular**, and **Node.js**, with a proven track record of architecting scalable systems and leading cross-functional teams from prototype to production. Expertise in **Web3 integrations**, **FinTech solutions**, and **cross-platform mobile development (Ionic)**. Highly disciplined remote professional with a background in **Electronic and Computer Engineering** and a commitment to delivering pixel-perfect, user-centric digital experiences.

PROFESSIONAL EXPERIENCE

Front End Lead | **AeraTech / Emerge Tech Lab** | London, UK (Remote) **Nov '24 - Jun '25**

- Architected and developed a B2B cross-border payment prototype using **React** and **Tailwind CSS**, enabling MNCs to transfer funds via internal blockchain-based cryptocurrency.
- Engineered a unified global financial dashboard providing real-time visibility into international liquidity, integrating **Mastercard Digital Asset Solutions**.
- Developed robust backend APIs using **Node.js**, **Express**, and **MongoDB**, and integrated **Python microservices** for complex financial data analysis.
- Established automated **CI/CD workflows** via Firebase and Heroku to ensure rapid, continuous delivery of production-ready builds.

Staff Engineer (Frontend) | **Connectly.ai** | San Francisco, CA, USA (Remote) **Jun '24 - Oct '24**

- Spearheaded end-to-end feature development for an AI-driven conversational commerce platform using **React** and **Go (Golang)** on **AWS**.
- Engineered high-concurrency messaging workflows and data visualization dashboards to provide B2B clients with actionable insights into campaign performance.
- Led a strategic architectural migration of the customer inbox from legacy Redux to **Jotai**, optimizing state management and application responsiveness.
- Integrated custom-trained **AI chatbots** and automated messaging templates to enhance sales automation across WhatsApp and Facebook Messenger.

Front End Lead | **Tapistrii** | Dover, DE, USA (Remote) **May '22 - May '24**

- Directed the engineering of a Web3 social networking platform, implementing a **multi-wallet authentication solution** using **Wagmi** and **Ethers**.
- Spearheaded a full-scale codebase migration from Angular to a modern **React/Next.js** stack, significantly improving performance and SEO.
- Developed high-performance **blockchain scrapers** and architected a searchable NFT database for real-time indexing of decentralized assets.
- Managed a distributed team of engineers, enforcing coding standards and automated testing frameworks to ensure high-fidelity UI/UX delivery.

Director of Technology | **East Coast Digital Marketing** | Orlando, FL, USA (Remote) **Jun '22 - Feb '23**

- Directed cross-functional departments encompassing web engineering, IT infrastructure, and digital marketing for a diverse client portfolio.
- Managed concurrent high-impact projects, overseeing budget allocation, project timelines, and rigorous Quality Assurance (QA).
- Supervised global offshore teams, leading the delivery of custom web solutions using **React**, **Angular**, **Node.js**, and **WordPress**.

Chief Technology Officer | Bold Tech LLC | Orlando, FL, USA (Remote) **Aug '21 – Jun '22**

- Orchestrated technical strategy and managed the complete **Software Development Life Cycle (SDLC)** across multiple client projects.
- Directed engineering teams through high-velocity **Agile sprints**, conducting code reviews and overseeing **AWS/Heroku cloud deployments**.

Full Stack Engineer | Bold Tech LLC | Orlando, FL, USA (Remote) **Mar '21 – Aug '21**

- Delivered end-to-end solutions integrating third-party APIs including **Stripe Connect**, **Calendly**, and **MailChimp**.
- Engineered hybrid mobile applications using the **Ionic framework**, managing the deployment of in-app subscription models to the Apple and Google app stores.

Front End Engineer | Up Pay | Sydney, NSW, Australia (Remote) **Apr '20 – Jan '21**

- Architected a frontend application from the ground up in **Angular**, establishing automated CI/CD pipelines via **AWS Amplify**.
- Engineered a **Spring Boot** backend for a vendor-based marketplace, utilizing **Stripe APIs** for secure multi-party payment processing.

Fullstack Web Developer (Freelance) | Self-Employed | Global (Remote) **Dec '19 - Present**

- Delivered over 50 custom digital solutions for SMBs, including **e-commerce platforms** and automated food delivery management systems.
- Expertly utilized **WordPress**, **Wix**, **Webflow**, and **Squarespace** to provide high-impact brand presence and SEO-optimized web experiences.

TECHNICAL SKILLS

Frontend: React, Next.js, Angular, TypeScript, JavaScript, Tailwind CSS, Material UI, SCSS, Jotai, Zustand, Tanstack Query, Tanstack Router.

Backend: Node.js, Express, NestJS, Python, Parse Framework, RESTful APIs.

Mobile: Ionic Framework, Capacitor, Progressive Web Applications (PWAs), Cross-platform Android & iOS Development.

Cloud & Databases: AWS (Amplify, EC2, S3), Firebase, Heroku, PostgreSQL, MongoDB, ArangoDB, Mongoose, Firestore.

Tools & Web3: Claude Code, Wagmi, Ethers, WalletConnect, Blockchain Data Scraping.

EDUCATION

Bachelor of Science (BSc) in Computer Science (Completed Partial Coursework) **2014 - 2018**
The University of British Columbia, Vancouver, BC, Canada

Bachelor of Engineering (BEng) in Electronic & Computer Engineering **2009 - 2013**
The University of Nottingham (Malaysia Campus), Kuala Lumpur, Malaysia

ADDITIONAL INFORMATION (LEADERSHIP & COMMUNITY IMPACT/VOLUNTEERING)

Events & Workshop Facilitator | EIECC Program & Masjid Jamia (2019 – 2020)

- Coordinated cross-cultural communication workshops and served as a community liaison, managing bilingual communications and organizing weekly educational programs for diverse groups.

Director of Education | Muslim Student Association (UBC) (2015 – 2016)

- Led the educational strategy for a major campus organization, overseeing the planning and execution of seminars and technical workshops for the university community.

STEM Assistant Instructor | BrainSTEM Learning Canada (2016)

- Simplified complex STEM concepts for youth through hands-on creative activities, fostering early interest in engineering and technology.
